

WHO WE ARE

Created by Congress, in 1971, the mission of the Area Health Education Centers (AHEC) Program was to enhance access to quality healthcare by improving the supply and distribution of health care professionals through community/academic partnerships. The strength of the program is directly related to the establishment of strong local centers which address the needs of the local communities. Each center provides basic services, including recruitment and retention of health professionals in underserved areas, training of health professions students and developing health careers opportunity programs for local youth.

Catskill Hudson AHEC is sponsoring this Emergency Responder Leadership Academy as a means of improving recruitment and retention of pre-hospital care providers.

ENROLL IN OUR LIVE WEBCAST

The Emergency Responder Leadership Academy is a flagship program of:

The New York State Department of Health, Bureau of Emergency Medical Services will accept proof of completion of this program for 5 continuing medical education credits as follows:

- 3.75 Additional CME Hours (non-core content)
- 1.25 Operations (non-core content)

Non-medical attendees will receive a Certificate of Attendance for 5 contact hours.

WHAT IS THE EMERGENCY RESPONDER LEADERSHIP ACADEMY?

Administrative tasks and personnel management are among an emergency service administrator's central responsibilities. Professional development efforts in areas like administration, supervision, public relations and budgeting receive little attention. These skills and concepts are critical to every emergency service's long-term success and role as a community caretaker. In response, Catskill Hudson Area Health Education Center (Catskill Hudson AHEC), in concert with a number of emergency service providers, has custom designed this program for emergency service officers and other emergency responders. The program presents a learning experience tailored to emergency service providers by experienced leaders in emergency response.

WHO SHOULD ENROLL?

The Emergency Responder Leadership Academy is for all emergency service agency chiefs and all other officers and personnel in or about to be placed in positions of leadership in their agencies.
