News of Interest about Rural New York

Who Done It?

The Catskill Hudson Area Health Education Center recently launched a new middle school health career awareness program entitled, *Who Done It? Solve the Medical Mystery*. Students watch a DVD featuring four suspects with a physical ailment requiring medical treatment. The students are then given a medically relevant multiple-choice questionnaire. A lab analysis of the evidence and culprit follows. Learn more at <http://www.catskillhudsonahec.org> or 845.883.7260 or email kdoyle@catskillhudsonahec.org.
