The CareerMD.com Guide to Leading

Physician Employers

Employment opportunities from these and many other organizations:

CATSKILL HUDSON AREA HEALTH EDUCATION CENTER

Whether you're a new doctor looking to join an established practice or want to start a practice of your own - or - if you're an established physician looking to make a career change, HealthMatch wants to help you come to New York to be a part of the best medical commu-

nity in the country.

Developed by Catskill Hudson Area Health Center, HealthMatch will work with you and your family to help you find the right placement in the right community. By collaborating with communities to develop partnerships with local hospitals, government, civic groups and foundations, HealthMatch develops healthcare recruitment funding pools that enable communities to provide financial incentives to you, such as: School loan forgiveness and/or Practice start-up programs

Matching you with the right community - based on your personal and professional goals and needs - is our number one priority.

Find your way to HealthMatch, then find your way to New York. Go to www.health-match.org to find out more.
