### **“Recovery & Wellness with Mental Health Conditions”**

Tuesday, November 28, 2017 from 4:30-5:45 PM

SUNY Delhi, Centennial Center (located in Sanford Hall)

*~ Presented by Kate Hewlett & Elisabeth Marigliano, PMHNP ~*

Kate Hewlett, NYS Certified Peer Specialist and Recovery Peer Advocate, will discuss her journey toward wellness and recovery with mental illness. Self-disclosure is a recognized method for challenging stigma, promoting empowerment and supporting recovery. Evidence suggests that the more people with lived experience who are willing to talk about their mental health challenges, the less mental illness will be stigmatized and in turn, more people will be inclined to disclose their experiences .

The purpose of this presentation is to educate attendees on the potential for wellness and recovery for people with mental illness. It is also intended to help reduce stigma in mental illness to this population of nursing students and professional nurses. Attendees will learn about evidence based strategies that help reduce stigma and encourage recovery in mental illness.
