The Response of the Health Professions to the Challenge of Adverse Childhood Experiences (ACES): Emerging Prevention and Intervention Strategies

Friday, November 1, 2019, 8:00AM – 4:00PM

The purpose of this program is to provide an educational forum to discuss Adverse Childhood Experiences (ACES) and the potential effects they can contribute to long-term, adverse health-related issues. All health providers and their staff are urged to attend this important program. Plans are underway to apply for continuing education credit issuances for physicians, nurses, social workers and licensed mental health counselors.

If you would like your contact information to be added to our distribution list to receive updates as they become available, please contact Kathy Doyle at kdoyle@chahec.org or 845-883-7260.
