AHEC Scholars Program Requirements:

- ✓ Each AHEC Scholar will be a part of an interprofessional team of students. Participants will be expected to work with a core group of patients to identify issues associated with social determinants of health, and propose potential solutions that will ultimately reduce the number of avoidable hospitalizations and emergency room visits. **Each AHEC Scholar will be required to complete 40 hours of community-based experiential training per year.**
- ✓ Additionally, each AHEC Scholar will be required to complete an online curriculum that address topics designed to augment patient care, including cultural competency, practice transformation, behavioral health integration, and interprofessional care coordination. **Each AHEC Scholar will be required to complete 40 hours of didactic education per year.**
